FOR SALE BY

L. E. WILLIAMS

EXETER, N. H., U. S. A.

I buy and sell Nursery Grown Stock, both fruit and ornamental,
and can supply anything you need in this line at reasonable prices.

LOCATION.

Exeter is located 50 miles northeast of Boston on the Boston and Maine railroad in direct communication with Boston and New York.

This location is so far north that my stock is extremely hardy.

Our shipping season begins about the middle of April and lasts until June 1st and from September until the middle of November.

TERMS.

Terms net cash unless otherwise arranged.

Parties unknown to me must send cash or good reference.

Boxing and packing at cost.

Not less than 50 and 500, unless otherwise arranged for, will be furnished at 100 and 1000 rates respectively.

I am ready to correct errors and mistakes, but complaints must be made within 10 days after receipt of stock or they cannot be entertained.

I assume no responsibility, whatever, for the stock after delivering it to the transportation companies and taking their receipt for it.

REMARKS.

I furnish trees and shrubs of any size suitable for transplanting, and a large number of shrubs and plants not quoted in this list.

I have an especially fine lot of Viburnums, Cornus, Vacciniums and Ferns.

A certificate of inspection is attached to all shipments and of fumigation when required by law or requested.
